Classe IV A

Dear Sister Laura and all your Students at Collège Sainte- Marcelline,

I would like to take this opportunity to extend to you a huge thank you for volunteering your time and services at our school during the Christmas season. It was clear that each and every one of you took the time to think about the needs of our students, to be creative and to find ways to make the day extra special. Every detail of your visit- the costumes, the sing along, the dancing, the music, the stories , your positive energy and even your sincere patience- it was all extremely well received by everyone here at Peter Hall School.

I also would like to thank you for your very generous non- perishable food donation. As a result of your donation we were able to put together five beautiful Christmas Baskets for five different families of our students. This was something that we may not have been able to achieve without your help.

Once again, it was an absolute pleasure to work with you and I hope that we may see you again sometime soon. A few of you expressed an interest in volunteering at our school. If this is still something that interests you, please do not hesitate to contact me as it would be a joy to help you.

On behalf of the students and staff members here at Peter Hall School, I wish all of you a very successful and happy new year. Again thank you for making this past Christmas season extra special for our students.

Sincerely yours,

Sherilyn Ami
